THE NALANDA WAY

One of the objectives of the Nalanda University is “to contribute to the promotion of regional peace and vision by bringing together the future leaders of the East Asia, who by relating to their past history can enhance their understanding of each other’s perspectives and to share that understanding globally” (Nalanda University Act, 2010 (No. 39 of 2010; 21st September, 2010)).

The logo of the Nalanda University illustrates the central idea of Nalanda, as articulated in **“The Nalanda Way” – “man living in harmony with man, man living in harmony with nature, and man living as part of nature.**

The logo of the Nalanda University illustrates the central idea of Nalanda, as articulated in “The Nalanda Way” – “man living in harmony with man, man living in harmony with nature, and man living as part of nature.”

Man living in harmony with man will be advanced in part through study of the humanities. Man living in harmony with nature recognises the importance of studying and furthering the sciences. Man living as part of nature is predicated on creating a community that harmonises with its local environment.

As a graphic, this logo is a “rebus”; on the one hand, it depicts a tree, which is significant as a symbol of nature, significant because of the Bodhi tree’s importance to the story of Nalanda, and significant because the tree is a metaphor for life and of giving. On the other hand, it shows interlinked figures of the people who have come together to create this new university.

Nālandā
UNIVERSITY

Located in Rajgir, a town in the northern Indian state of Bihar, Nalanda is a postgraduate, research intensive, International University supported by the participating countries of the East Asia Summit. The University is inspired by the academic excellence and global vision of the ancient Nalanda, which was the oldest known centre of organised higher education in the world. Like its historic predecessor, Nalanda International University aspires to meet and set global standards of academic excellence and research, and enables capacity building in all areas of higher learning.

The Government of India shared the proposal for revival of the ancient Nalanda University with leaders of the East Asia Summit (EAS) in January, 2007. The Member States welcomed the regional initiative and Intergovernmental Memorandums of Understanding to that effect were signed by 17 countries. The University came into existence on 25 November 2010 by a special Act of the Indian Parliament and has been designated as an “institution of national importance” under the aegis of the Ministry of External Affairs, Government of India. The Hon’ble President of India, Smt. Droupadi Murmu as its Visitor and Dr Arvind Panagariya as the Chancellor. Professor Sachin Chaturvedi, the Vice Chancellor and the Principal Academic and Executive Officer of the University exercises supervision and control over the affairs of the University.

The academic ethics of Nalanda University, as a new avatar of the old, denotes upholding and nourishing of academic excellence, stability of social order, and progress of the mankind. This rich tradition of the ancient approves right consciousness emergent from due deliberation for the happiness and welfare of all human beings. Nalanda academic tradition takes responsibility to acquaint a student with spirituality, scientific inquiry, philosophy, and logic. It induces the essence of Dharma for fostering the idea of equality among all social beings, irrespective of all diversity. The aim is to envisage basic cultural, social values cherished by the Indian tradition since the hoary past. It strives to provide every human being with a dignified life and infer a healthy social and academic environment to open the avenues of knowledge of the self and others through collective aspirations and transformations.

Śāstrārtha

Śāstrārtha at Nalanda in its present Avatar is a conscious effort of last one year to renew one of the most distinguished intellectual traditions associated with ancient Nalanda itself, whose debating culture attracted scholars from across Asia. Śāstrārtha is an elucidation, explication and elaboration of the essence or meaning of a Shastra and a tradition of enlivening and extending significant domains of learning-knowing-being. Shastrartha is also an evaluative

and pedagogical practice; it is a resilient mode of responsive reception of tradition. The introduction of Śāstrārtha at Nalanda University rests on the conviction that the Guru-Śiṣya Paramparā is most authentically renewed not through ceremony alone but through substantive intellectual encounter.

Sahabhāgitā

The Sahabhāgitā initiative of Nalanda University since August, 2025 has brought together women, farmers, school teachers, students, and community members from the five partnered villages - Mahadeva, Mahuvalla, Kubri, Jatti and Pilkhi - in a sustained effort to promote inclusive grassroots development. Through detailed mapping of human, social, financial, physical, and natural capital, the formation and strengthening of women's Self-Help Groups (SHGs), skill-

development workshops in embroidery and pottery, as well as focused research on the localisation of Sustainable Development Goals (SDGs), Sahabhāgitā has sought to address livelihood needs while nurturing long-term community resilience. The initiative has also maintained close engagement with local schools through faculty-led lectures, career counselling sessions and open community discussions.

Expansion of Academic Schools and Programmes

Nalanda University began its academic journey in 2014 with the School of Ecology and Environment Studies and the School of Historical Studies. It subsequently expanded with the School of Buddhist Studies, Philosophy and Comparative Religions (2016-17), the School of Languages and Literature/ Humanities (2019-20), and the School of Management

Studies (2020-21). The University has continued to broaden its academic offerings by introducing new postgraduate programmes, including Hindu Studies (Sanatana Dharma), International Relations and Peace Studies, and Archaeology (2024-25); Mathematics, Hindi, Philosophy and Economics (2025-26); and Sanskrit, Data Science and Artificial Intelligence and Science and Technology Policy Studies (2026-27).

**“Let auspicious thoughts come to us
from all around the universe”**

VICE CHANCELLOR'S MESSAGE

Professor Sachin Chaturvedi

Vice Chancellor

With the inherent strength of our motto of “Ā no bhadṛā kratavo yantu viśvata” (Let noble thoughts come to us from all directions), the Nalanda spirit has evolved as a vibrant expression of continued engagement with eternal values and ethos. It embodies a rich intellectual tradition with an open, inclusive, and globally oriented outlook. Given the context of Indian knowledge system, we must move forward with progress and environment together.

Over the years, Nalanda has built a distinct identity as a great centre of learning, with robust physical infrastructure and multiple avenues for intellectual pursuits guided by a distinguished faculty. The recent visit of the Hon'ble Prime Minister to the Nalanda campus has further reemphasised its global significance and the vision for its future. He rightly reminded us that Nalanda is the heritage of many countries of the world and Asia is linked to it.

Through my experience in development economics, international cooperation, and policy innovation, I remain deeply committed to the transformative power of education. At Nalanda, we aim to turn knowledge into purpose and inquiry into impact.

Nalanda University aspires to be a vital centre from the Global South, addressing the pressing challenges and opportunities of an emerging multipolar world order. The past academic year has been one of the purposeful transformation: characterised by academic vitality, infrastructural development, and renewed engagement with our founding ideals.

To the students of the Nalanda University: you carry with you not only your degrees and your disciplines, but also the obligation to embody the spirit of Sahabagita: to connect, to contribute, and to build bridges where divisions exist. The world is searching for models of cooperation beyond conflict. Nalanda offers a vocabulary of dialogue rooted in civilisational confidence. You are now its ambassadors. I am sure with our collective efforts we would be able to make Nalanda an important centre of global cause.

Jai Hind.

Students in each semester may choose courses of their interest from the wider menu of courses offered by any School. Under cafeteria model, the students shall have an option to choose courses as Credit/ Audit /Extra Credit.

Attendance

The Academic Programmes currently run by the University are residential and full-time. Hence, all enrolled students have to be present on campus for the entire duration of the programme. Each student must have at least 75% attendance to be able to appear for the

end term examinations. Students who do not have the minimum required attendance will either be barred from appearing in the end term examination, they may be asked as well to repeat the course or drop a grade, whichever is deemed fit by the School.

Course Requirements

For each programme or degree, a list of approved courses that meet University and School requirements will be specified. All students must enroll in a specified number of courses during each semester in a programme except when granted leave of absence by the Dean of the School. Minimum academic requirements like, the lower limit of credits necessary for registration to any course in each semester and grade point

average for each course of study will be specified for each programme at the start of the semester and at the time of registration.

Internships and Field Trips

All the Schools of the University periodically organise field trips and provide internship opportunities for students to aid experiential learning apart from everyday classroom lectures. These internships give students the required work experience which helps improve their career prospects. Likewise, given the historical and ecological richness of the location of the University, the field trips provide students opportunities for exploration, cultural exchange and enhanced on-ground understanding. The field trips are undertaken under the supervision of the faculty.

Faculty Mentor

A Faculty Mentor will be assigned for each student to guide and help him/her in choosing the right course. These Mentors will help students assess their interests and abilities, the number of credits required and past performance to ensure that they pick the right course. The faculty mentors would also provide professional counselling to the students as and when required.

Faculty Consultation Hours

The University also provides on-campus guidance outside the classroom to its students for any academic help. They can consult concerned teachers during the faculty consultation hours without taking a prior appointment. They may, however, be required to take prior appointments if they want consultation at other times. Students are advised to check with their course instructors for each course whether attendance in the consultation hour is mandatory or voluntary.

Students cannot register for a course on any particular topic if they haven't cleared a foundation course prescribed as a pre-requisite for that topic/course.

Auditing a Course

The credits that they obtain in these additional or audit courses will not be included in the calculation of Semester Grade Point Average or Cumulative Grade Point Average.

Earning Extra Credits

Apart from successful completion of the credit requirements as mandated by the Academic Framework, the students may accumulate additional credits. The Transcript will reflect the extra credits.

Continuous Assessment: 45%
End-Semester Evaluation: 55%
Total Assessment: 100%

The grading system is prepared for easy comparison of individual scholarly

achievements. Students below a certain grade will have the opportunity to improve their scores. Students who fail to clear a course will have one time opportunity to pass the exam.

The University follows a zero-tolerance policy towards plagiarism and other examination malpractices.

The students who excel will be entitled to Scholarships and/or fee waivers as per Rules as approved by the Competent Authority from time to time. As per the expansion of academic profile through different programmes/courses, relevant additions will be made as deemed fit and as approved by the statutory bodies of the University.

Assessment and Evaluation

All assessments and evaluations for various academic programmes at the University,

except for the evaluation of PhD thesis, will be conducted internally. However, in some cases there may be external evaluation as approved.

The Dean may appoint a committee of faculty members to scrutinise the grades before the final grades are announced by the Results Committee. The marks/grades for

each course at the end of each semester shall be forwarded through the Dean's office to the Result Committee for compilation. The University will retain the graded answer sheets of students in safe custody for at least three years, to accommodate a request for review from any student.

Results

The Controller of Examinations is entrusted with the responsibility of collection of Grades from the Schools and declaration of results to the students.

Upon request by the students to review the result, the Results Committee may review the answer scripts of semester-end examination but no other continuous assessment parameters such as Mid-Semester Examination.

Grading Format

After compiling the marks for all the evaluations (written, oral, quizzes, written papers, examinations, dissertations, projects or take home examinations) the final grades will be awarded as per the following guidelines:-

Grading Format

Mark (%)	Letter Grade	Grade Point Average (GPA)	Remarks
91-100	A+	10	Excellent
81-90	A	9	Very Good
71-80	B	8	Good
61-70	C	7	High Average
51-60	D	6	Average
40-50	E	5	Below Average
< 40	F	0	Fail
-	I	-	*Incomplete

*Where the student has not completed the course, such a student is not entitled to any degree from the University.

Percentage Marks = CGPA X 10

The minimum CGPA required for the award of Master's Degree is 5.0.

Passing Grade

The minimum passing grade is 'E'. The credits that will be considered for final evaluation will be the ones in which the student has obtained a 'E' or higher grade.

Failing Grade

Students who do not earn any credit in a particular course are awarded an 'F' grade and have to repeat the course until a passing grade is obtained.

The I Grade

An 'I' grade will be awarded to students who do not fulfil all the requirements for a particular course on account of circumstances which are beyond their control. The 'I' grade will be converted into an appropriate grade after evaluation, if the students is given a chance for reappearance in the examinations. The period of conversion of 'I' grade will only be extended to the first week of the next semester, with the approval of the Dean of the concerned School. The final grade will be sent to the Academic Office within two weeks from the date on which all the major tests are over.

SR and NR Grades

Non-credit of Satisfactorily Reported or Not Reported grades will be awarded in an audit course. The students who do not earn credits in audit courses will be awarded a

Satisfactorily Reported or Not Reported grade as the case may be. These grades will not be considered in the calculation of Semester Grade Point Average (SGPA) or Cumulative Grade Point Average (CGPA).

SGPA, CGPA and FGPA

The performance of a student is represented by Semester Grade Point Average (SGPA), Cumulative Grade Points Average (CGPA) and Final Grade Point Average (FGPA). CGPA is calculated as the grade point average for all the completed semesters.

Calculation of SGPA, CGPA, and Percentage Marks

In case of a specific query regarding the

SGPA or CGPA =

$$\frac{\text{GPA of Course A} \times \text{Credit of Course A} + \text{GPA of Course B} \times \text{Credit of Course B} + \dots}{\text{Credit of Course A} + \text{Credit of Course B} + \dots}$$

conversion of SGPA, CGPA, and percentage marks, the following calculations will be adopted.

$$\text{Percentage Marks} = \text{CGPA} \times 10$$

Repeating a Course

A student will be declared as failed if he or she does not obtain the minimum number of credits in all the courses within a period of four years from the semester of admission. Students are permitted to reappear for the examination and will have one time opportunity to pass a course. For a student repeating a course only the result of the end semester examination will be considered, the result of other tests and assessments that are a part of the continuous semester evaluation process will not be taken into account when a student is repeating a course.

Improving a grade

Any student who secures a grade higher than 'F' in a particular course, she or he may be allowed to improve her or his grade. However grade improvement is applicable only for the end-semester examinations. Improving a grade is not

possible for assessments and other tests that are a part of the continuous evaluation process. For grade improvement, only the latter performance of the student is taken into consideration for SGPA or CGPA calculation. Students can apply for grade improvement only if the course in consideration is being offered in the current academic year. Students who wish to reappear in any examination in order to improve their grade in a course will have to apply to the Dean of the School through a written application.

Minimum grade requirement

A student will not be permitted to register for a new semester if he/she has not passed at least 50 per cent of the courses he/she registered for in the previous semester. A student who has not passed all individual courses in all the semesters and has not secured a minimum Final Grade Point Average of 5.0 will not be awarded the Master's degree.

FEES AND SCHOLARSHIP

Payment of fees to the University can be done online through the University portal.

For the newly admitted students, it is mandatory to pay dues for the current semester and register for the courses before the commencement of classes. In case of existing students, the fees for each semester have to be paid by July 20th for the August-December semester and by December 20th for the January-May

semester. In case of non-payment of dues by the above mentioned dates, the student will not be allowed room in the Residential Hall as well as no entry into the classroom. All outstanding dues after these dates will be subject to a fine of Rs. 100.00 (one hundred rupees only) per day.
